

Safety Datasheet/ Fiche de sécurité GB-FR

Safety data sheet according to 1907/2006/EC

issue / revision date

07.03.2012

1. Identification of the substance / preparation and of the company**Identification of the substance or preparation:**

CONTACT TAPES/ COLLE SECHE Ref. 98220-98230-98260-98275

Use of the substance / preparation:

double sided adhesive tape

Company identification:

ROMUS

ZA les Pouards

13/15 rue du Taillefer CHAMPLAN

FRANCE

2. Hazards identification**Hazards designation:** this product does not require labelling in terms of preparation guideline 1999/45/EC**Specific hazards:** no special remarkable hazards**3. Composition / information on ingredients****Chemical characterization:** Double sided adhesive tape with a pressure sensitive adhesive based on an acrylate dispersion; carrier: polyester web; liner: silicone paper**Hazardous ingredients:** none**Additional informations:** none**4. First-aid measures****General information:** none**On inhalation:** not applicable**On contact with the skin:** clean adhesive residues with water and soap**On contact with the eyes:** not applicable**If swallowed:** not applicable**Self-protection of first-aider:** not applicable**Information for the doctor:** none**5. Fire-fighting measures****Suitable extinguishing media:** water, powder, foam carbon dioxide (CO₂)**Unsuitable extinguishing media:** none**Special exposure hazards arising from the substance or preparation itself, combustion products, resulting gases:** In case of fire toxic fumes might be formed: carbon monoxide (CO), carbon dioxide (CO₂), nitrogen oxides (NO_x) and organic pyrolyse products.**Special protective equipment for firefighting:** breathing apparatus with independent air supply for fire-fighters**Additional information:** none

Safety Datasheet/ Fiche de sécurité GB-FR**6. Accidental release measures**

Personal precautions: none special

Environmental precautions: none special

Methods for cleaning up/taking up: none special

Additional informations: none

7. Handling and Storage

Handling

Hints for safe handling: none specific measures necessary

Technical measures: none specific measures necessary

Hints for protection against fire and explosion: none specific measures necessary

Storage

Requirements for storage rooms and vessels: none special requirements

Hints on storage assembly: none

Further information on storage conditions: none

Specific uses

Recommendations: observe technical data sheet

8. Exposure limitation and personal protective equipment

Exposure limits:

Constituents with occupational exposure limits resp. biological occupational exposure limits requiring monitoring:

CAS-number	substance name	exposure limit type	value	dimension
------------	----------------	---------------------	-------	-----------

not applicable

Remarks: none

Exposure controls:

Occupational exposure controls: see section 7., no additional measures necessary

Personal protection equipment:

Respiratory protection: not necessary

Hand protection: not necessary

Eye protection: not necessary

Protective clothing: not necessary

General health and safety measures: wash hands before breaks and on finishing work

Environmental exposure controls: see section 7., no additional measures necessary

Safety Datasheet/ Fiche de sécurité GB-FR**9. Physical and chemical properties****General information****Physical state:** solid**Colour:** transparent**Odour:** low own odour**Important health, safety and environmental information**

	value/dimension	method
pH-value:	n.a.	
Physical state change:	n.a.	
Ignition temperature:	n.a.	
Density:	n.a.	
Solubility in water:	insoluble	
		n.a. = not applicable
Additional information:	none	

10. Stability and Reactivity**Conditions to avoid:** no decomposition at use according to applicational design**Materials to avoid:** none**Hazardous decomposition products:** none (at burning see point 5.)**Further informations:** no hazardous decomposition products if stored and handled as prescribed**11. Toxicological information**

No hazards are predicted, provided the material is correctly handled.

12. Ecological information

No hazards are predicted, provided the material is correctly handled.

13. Disposal considerations**Disposal / Waste (product):** Disposal in accordance with the local disposal regulations (for example: landfill, incineration, recycling).**Waste designation:** Waste adhesive and sealants**Waste code:** 080410**Packages:** Disposal in accordance with the local disposal regulations (for example: landfill, incineration, recycling).**Waste designation:** Paper and cardboard packaging**Waste code:** 150101**14. Transport information**

No hazardous material as defined by the transport regulations.

Safety Datasheet/ Fiche de sécurité GB-FR**15. Regulatory information**

Labelling: does not require labelling

National regulations: observe in addition the national legislative regulations

16. Other information

Recommended restriction(s) on use: none

Further information: This product is - according to the EC Directives 1999/45/EC or 67/548/EEC - a product for which a safety data sheet is not necessary.

With respect to the safety interest of our customers we hereby reflect the relevant phrases of the directive 1907/2006/EC for hazardous substances and preparations.

All above mentioned statements are according to our actual knowledge. The given information describes the product under the aspect of safety relevant data and do not constitute a warranty like a technical specification.

All existing laws and regulations must be kept by the user of our products.

This data sheet replaces all previous versions.
